*Do you want to make a difference in your community?*

We are an AmeriCorps\*State program that has been serving Michigan communities since January 2009. The goal of Michigan's Campaign to End Homelessness AmeriCorps Program is to increase the capacity of agencies providing services to homeless and at-risk individuals and families. To achieve this, member activities focus on the following categories: outreach, housing assistance, resource networking, follow-up support, and volunteer recruitment.

(Through my service) I have learned more about the challenges those impacted by homelessness face, but more importantly, I have seen many more examples of the strength of the human spirit...the challenges faced by one individual and her tenacity to do better remind me how many challenges one can face and still magnificently overcome them – especially with the support of others.
