## Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

We have a number of high school students that couch surf. We have a mobile homeless community because their camp is destroyed when it's discovered.

Addiction, mental health, domestic violence contribute to our homelessness.

## Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

**Very Important**

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

**Addiction and/or substance use disorder,**

**Domestic abuse and/or personal situation,**

**Lack of employment,**

**Lack of safe, affordable housing units,**

**Mental health disorder**

**Q8**

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

**I would focus on solutions for everyone**

**Q9**

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

- Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc**
- ,
- Create and expand eviction diversion programs,**
- Create avenues for formerly incarcerated individuals to access housing**
- ,
- Create new renters tax credit,**
- Create source of income protections and mobility opportunities**
- ,
- Declare housing as a human right / create a homeless bill of rights**
- ,
- End the criminalization of homelessness,**
- Expand job training programs,**
- Increase funding for Emergency Shelter Programs,**
- Increase funding for homeless service providers,**
- Provide protections against discriminatory practices for those experiencing homelessness**

- ,
- Other (please specify):  
I support a living wage.

**Q10**

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

- Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund**
- ,
- Encourage communities to create their own housing trust fund**
- ,
- Increase Public Housing Authority resources,**
- Support trade skills and encourage the return of builders to Michigan**
- ,
- Other (please specify):  
Change zoning to permit tiny houses and tiny house communities

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

- Additional funds for eviction diversion and rental assistance**
- Additional funding to support small landlords,**
- Eviction moratorium extensions or renewal,**
- Restrictions on late fees/penalties,**
- Sealing of eviction records related to COVID-19**

**Q13**

Please share any additional thoughts or concerns with regards to housing instability, homelessness and affordable housing availability in the state of Michigan, specifically any additional state level solutions you would be interested in championing in the state legislature.

My district has an affordable home shortage for seasonal workers and year round residents. Barriers need to be removed, not increased, to provide safe, affordable housing.
