Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

Domestic violence is one of the main reasons for homelessness in Westland, as well as the need for improved treatment for mental illness. Westland has very few shelters but does have Samirtas on Michigan avenue, a exciting partnership with Wayne County.

Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

Very Important

Q6

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

Eviction diversion programs,
Energy assistance and/or home weatherization programs
,
Food Banks,
Homeless and/or domestic violence shelters,
Housing Vouchers,
Legal Aid,
Public Housing Authority

Q7

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

Addiction and/or substance use disorder,
Domestic abuse and/or personal situation,
Foreclosures and/or evictions,
Inadequate income,
Mental health disorder

Q8

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

Aging Population (55+),
Families with children,
People with physical and mental disabilities,
I would focus on solutions for everyone

Q9

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

- Create avenues for formerly incarcerated individuals to access housing**
- ,
- Create new renters tax credit,**
- End the criminalization of homelessness,**
- Expand job training programs,**
- Provide protections against discriminatory practices for those experiencing homelessness**
- ,
- Reinstate individual tax deductions for shelters and food banks**
- ,

Other (please specify):

I will review and support reform that helps preserve the individuals involved and allow for a future not marred by past circumstances and provides opportunities to break free from the causes of homelessness.

Q10

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

- Encourage communities to create their own housing trust fund**
- ,
- Support efforts to create more workforce housing,**
- Support public private partnerships for new housing developments**
- ,
- Reform the Low Income Housing Tax Credit (LIHTC) to better serve households with greatest need**
- ,
- Support trade skills and encourage the return of builders to Michigan**
- ,

Other (please specify):

I will look for and support solutions to improving the living conditions of affordable housing.

Q11

Please indicate your level of agreement or disagreement with the following statements:

| | |
|---|------------------|
| The government is sufficiently addressing the issue of homelessness in my district. | Disagree |
| Communities are sufficiently addressing the issue of homelessness in my district. | Undecided |
| People who work full-time have a right to affordable housing for themselves and their families. | Agree |
| People have a personal responsibility to work and be self-sufficient in order to obtain affordable housing. | Undecided |
| There is a role for government to increase the availability of affordable housing in the United States. | Undecided |
| Federal policy should move towards deregulation to increase local innovation with initiatives like Section 8 and Fair Market Rent. | Agree |
| The inclusion of strict work requirements to receive certain benefits (housing vouchers, SNAP, Medicaid) will have a positive impact on homelessness. | Undecided |
| The United States has the tools to help the people experiencing homelessness out of poverty. | Undecided |
| The free market is the most effective tool to address homelessness. | Undecided |
| The government has a responsibility to reverse the impact of historical housing policies targeting Black communities. | Agree |
| Non-governmental service providers are adequate in dealing with homelessness. | Agree |

Q12

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

Eviction moratorium extensions or renewal,
Restrictions on late fees/penalties,
Sealing of eviction records related to COVID-19,
 Other (please specify):
 open all businesses and work with them to bring back employees and get people back to work.

Q13

Please share any additional thoughts or concerns with regards to housing instability, homelessness and affordable housing availability in the state of Michigan, specifically any additional state level solutions you would be interested in championing in the state legislature.

Homelessness has been a concern of mine. As a state rep candidate I have been familiarizing myself with many different issues at a deeper level including this one. I think it is important that while stopping the bleeding, we also look at ways to correct or reverse the reasons or causes. One area in particular I want to take on is access to mental health care and help people before illness or other results of poor mental health and poor mental health care.

Q14

Yes

If elected, I will champion the issues of housing affordability and homelessness:
