Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

While homelessness isn't as prevalent in Plymouth, Northville, and Canton. We are part of the Metro Detroit Area and Detroit has the highest rate of homelessness in the State.

Homelessness caused by medical debt or opioid addiction has no regard for Socio-economic status and can happen to those one wouldn't "expect" to experience homelessness.

Access to affordable healthcare, as well as drug treatment (not incarceration) are an ever-necessary first step to getting people back on their feet.

Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

Very Important

Q6

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

Eviction diversion programs,
Energy assistance and/or home weatherization programs
,
Food Banks,
Homeless and/or domestic violence shelters

Q7

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

Addiction and/or substance use disorder,
Inadequate health care and/or insurance,
Lack of identifying documents (ex. birth certificate, state ID, etc.)
,
Lack of safe, affordable housing units,
Lack of support network

Q8

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

Aging Population (55+),
Unaccompanied youth,
Veterans

Q9

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

- Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc**
- ,
- Create and expand eviction diversion programs,**
- Create avenues for formerly incarcerated individuals to access housing**
- ,
- End the criminalization of homelessness,**
- Expand job training programs,**
- Increase minimum wage,**
- Provide protections against discriminatory practices for those experiencing homelessness**
- ,
- Reinstate individual tax deductions for shelters and food banks**

Q10

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

- Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund**
- ,
- Create incentives for landlords and property managers to make existing units affordable**
- ,
- Charge penalties for empty units if landlords will not rent to low income households**
- ,
- Reform the Low Income Housing Tax Credit (LIHTC) to better serve households with greatest need**
- ,
- Support trade skills and encourage the return of builders to Michigan**

Q12

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

Additional funds for eviction diversion and rental assistance
,
Additional funding to support small landlords,
Eviction moratorium extensions or renewal,
Rent cancellation,
Restrictions on late fees/penalties,
Sealing of eviction records related to COVID-19

Q13

Please share any additional thoughts or concerns with regards to housing instability, homelessness and affordable housing availability in the state of Michigan, specifically any additional state level solutions you would be interested in championing in the state legislature.

I think the idea of a state funded/supported job training program/certification program with Room and board included would be a potential solution for those who are experiencing homelessness due to job loss.

This could be used to direct those individuals into industries that our state has shortages of, while also providing good paying jobs.

Q14

Yes

If elected, I will champion the issues of housing affordability and homelessness:
