Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

Homelessness is an issue effecting Michiganders all over the state. Our district is not unique to others, and it is an issue in S.E. Michigan as well. The issue effects all ages, and we must work to ensure every resident of Michigan has a home. It is not possible to foster a productive environment when our neighbors are still suffering.

Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

Very Important

Q6

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

- Eviction diversion programs,
- Energy assistance and/or home weatherization programs
- ,
- Food Banks,
- Homeless and/or domestic violence shelters,
- Housing Vouchers,
- Hotel/Motel Vouchers,
- Legal Aid,
- Public Housing Authority,
- Street outreach

Q7

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

- Criminal activity and/or record,
- Domestic abuse and/or personal situation,
- Foreclosures and/or evictions,
- Inadequate health care and/or insurance,
- Inadequate income,
- Lack of access to reliable transportation

Q8

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

- Families with children,
- LGBTQ youth,
- I would focus on solutions for everyone

Q9

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

- Declare housing as a human right / create a homeless bill of rights**
- ,
- End the criminalization of homelessness,**
- Expand job training programs,**
- Increase funding for homeless service providers,**
- Provide protections against discriminatory practices for those experiencing homelessness**
- ,
- Reform eviction practices, including record sealing, credit reporting, establishing right to counsel, and/or creating an eviction database**
- ,
- Reinstate individual tax deductions for shelters and food banks**

Q10

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

- Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund**
- ,
- Increase Public Housing Authority resources,**
- Reform zoning regulations that reduce the supply of housing on the market**
- ,
- Support public private partnerships for new housing developments**
- ,
- Create and fund a risk mitigation fund for landlords who rent to low-income or voucher holders**
- ,
- Support trade skills and encourage the return of builders to Michigan**

Q12

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

Additional funds for eviction diversion and rental assistance
,
Additional funding to support small landlords,
Eviction moratorium extensions or renewal

Q13

Please share any additional thoughts or concerns with regards to housing instability, homelessness and affordable housing availability in the state of Michigan, specifically any additional state level solutions you would be interested in championing in the state legislature.

I believe the government can be doing more to battle the issue of homelessness, especially during the pandemic and the high numbers of unemployment. It is imperative for more government intervention
