In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

In my district, MCREST has been very active in finding temporary shelter for the homeless. Their network of churches helps have continued to provide the basic needs of shelter with rotating shelter sites however, I'm sure with covid tha has changed drastically. I wish it were not true but I believe that our homeless population has no face, no visibility outside of MCREST. I would like to learn more about what we can do to help those struggling with providing for themselves and family a roof over their head.

**Q6**

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

**Food Banks,  
Homeless and/or domestic violence shelters**

**Q7**

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

**Addiction and/or substance use disorder,  
Domestic abuse and/or personal situation,  
Foreclosures and/or evictions,  
Lack of employment,  
Lack of support network**

**Q8**

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

**Families with children,  
I would focus on solutions for everyone**

**Q9**

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

**Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc**  
,  
**Create avenues for formerly incarcerated individuals to access housing**  
,  
**End the criminalization of homelessness,**  
**Expand job training programs,**  
**Increase funding for Emergency Shelter Programs,**  
**Reinstate individual tax deductions for shelters and food banks**

**Q10**

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

**Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund**

,

**Increase Public Housing Authority resources,**

**Reform what criteria is used to determine borrowers' access to capital**

,

**Reform zoning regulations that reduce the supply of housing on the market**

,

**Support public private partnerships for new housing developments**

**Respondent skipped this question**

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

Please share any additional thoughts or concerns with regards to housing instability, homelessness and affordable housing availability in the state of Michigan, specifically any additional state level solutions you would be interested in championing in the state legislature.

**Q14**

**Yes**

If elected, I will champion the issues of housing  
affordability and homelessness:
