In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

This is caused by a decrease in affordable housing and a decrease in salaries for people. Also, there is a direct correlational btw. the Reagan Administration cutting funds for affordable housing and the increase in housing during his administration. One big solution to fight homelessness is to increase federal funding to assist.

**Q5**

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

**Very Important**

**Q6**

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

- ,
- Continuum of Care/Local Planning Body,**
- Eviction diversion programs,**
- Energy assistance and/or home weatherization programs**
- ,
- Food Banks,**
- Homeless and/or domestic violence shelters,**
- Housing Vouchers,**
- Hotel/Motel Vouchers,**
- Legal Aid,**
- Public Housing Authority,**
- Street outreach**

**Q7**

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

- Foreclosures and/or evictions,**
- Inadequate health care and/or insurance,**
- Inadequate income,**
- Lack of access to reliable transportation,**
- Lack of safe, affordable housing units**

**Q8**

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

- Aging Population (55+),**
- Families with children,**
- Formerly incarcerated individuals**

**Q9**

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

**Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc**

,

**Create and expand eviction diversion programs,**

**Create avenues for formerly incarcerated individuals to access housing**

,

**Create new renters tax credit,**

**Create source of income protections and mobility opportunities**

,

**Declare housing as a human right / create a homeless bill of rights**

,

**End the criminalization of homelessness,**

**Expand job training programs,**

**Increase funding for Emergency Shelter Programs,**

**Increase funding for homeless service providers,**

**Increase minimum wage,**

**Provide protections against discriminatory practices for those experiencing homelessness**

,

**Reform eviction practices, including record sealing, credit reporting, establishing right to counsel, and/or creating an eviction database**

,

**Remove statewide prohibition against rent control,**

**Reinstate individual tax deductions for shelters and food banks**

**Q10**

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

**Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund**

,

**Encourage communities to create their own housing trust fund**

,

**Support public private partnerships for new housing developments**

,

**Create additional tax incentives for developers to create new units**

,

**Support trade skills and encourage the return of builders to Michigan**

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

**Additional funds for eviction diversion and rental assistance**

**Additional funding to support small landlords,**

**Eviction moratorium extensions or renewal,**
