Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

Most of the homeless in my district are moms with children or families. This is a problem because we only have one program that keeps families together. Most separate by gender, which puts teen boys at risk, and separates father's from their children.

Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

Very Important

Q6

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

Central Point of Intake Agency (Housing Assessment Resource Agency)

,

Energy assistance and/or home weatherization programs

,

Food Banks,

Homeless and/or domestic violence shelters,

Housing Vouchers,

Hotel/Motel Vouchers,

Legal Aid,

Permanent Supportive Housing (PSH),

Public Housing Authority

Q7

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

Inadequate income,

Lack of access to reliable transportation,

Lack of safe, affordable housing units,

Lack of support network,

Mental health disorder

Q8

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

Families with children,

I would focus on solutions for everyone,

Foster youth and former foster youth

Q9

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc

,

Create and expand eviction diversion programs,

Create avenues for formerly incarcerated individuals to access housing

,

Create source of income protections and mobility opportunities

,

Declare housing as a human right / create a homeless bill of rights

,

End the criminalization of homelessness,

Expand job training programs,

Increase funding for Emergency Shelter Programs,

Increase funding for homeless service providers,

Increase minimum wage,

Provide protections against discriminatory practices for those experiencing homelessness

,

Reform eviction practices, including record sealing, credit reporting, establishing right to counsel, and/or creating an eviction database

,

Remove statewide prohibition against rent control,

Reinstate individual tax deductions for shelters and food banks

,

Other (please specify):

Focus on shelter options for families

Q10

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

- Change the way fair market rent and / or area median income is determined**
- ,
- Create incentives for landlords and property managers to make existing units affordable**
- ,
- Encourage communities to create their own housing trust fund**
- ,
- Increase Public Housing Authority resources,**
- Reform zoning regulations that reduce the supply of housing on the market**
- ,
- Support efforts to create more workforce housing,**
- Support public private partnerships for new housing developments**
- ,
- Create additional tax incentives for developers to create new units**
- ,
- Create and fund a risk mitigation fund for landlords who rent to low-income or voucher holders**
- ,
- Reform the Low Income Housing Tax Credit (LIHTC) to better serve households with greatest need**
- ,
- Support trade skills and encourage the return of builders to Michigan**

Q12

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

- Additional funds for eviction diversion and rental assistance**
- Additional funding to support small landlords,**
- Eviction moratorium extensions or renewal,**
- Restrictions on late fees/penalties,**
- Sealing of eviction records related to COVID-19**
