## Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

In my town, Niles, we have seen an increase in last few years. Most are not technically classified as homeless but are "couch surfers" or transitional. Often it seems to be related to substance abuse issues and alcoholism resulting in family making them leave. Others are members of group homes who "choose" to live a semi-homeless life. We have tried giving temporary shelter in hotels, but often it does not work out and they are "kicked out" of the hotels. A long term solution focused on mental health and substance abuse issues is needed but we have not found any funding.

---

## Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

Important

---

**Q6**

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

**Central Point of Intake Agency (Housing Assessment Resource Agency)**

,

**Eviction diversion programs,**

**Energy assistance and/or home weatherization programs**

,

**Food Banks,**

**Homeless and/or domestic violence shelters,**

**Hotel/Motel Vouchers,**

**Public Housing Authority**

**Q7**

Homelessness can happen to anyone -- with many households just three paychecks away from losing their home. Select the top 5 issues that you believe are causes of homelessness:

**Addiction and/or substance use disorder,**

**Foreclosures and/or evictions,**

**Inadequate income,**

**Lack of support network,**

**Mental health disorder**

**Q8**

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

**Families with children,**

**I would focus on solutions for everyone,**

**Extremely low income individuals**

**Q9**

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

- Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc**
- ,
- Create and expand eviction diversion programs,**
- Create avenues for formerly incarcerated individuals to access housing**
- ,
- End the criminalization of homelessness,**
- Expand job training programs,**
- Increase funding for homeless service providers,**
- Increase minimum wage,**
- Provide protections against discriminatory practices for those experiencing homelessness**
- ,
- Reinstate individual tax deductions for shelters and food banks**

**Q10**

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

- Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund**
- ,
- Create incentives for landlords and property managers to make existing units affordable**
- ,
- Reform zoning regulations that reduce the supply of housing on the market**
- ,
- Reform the Low Income Housing Tax Credit (LIHTC) to better serve households with greatest need**
- ,
- Support trade skills and encourage the return of builders to Michigan**

**Q11**

Please indicate your level of agreement or disagreement with the following statements:

- The government is sufficiently addressing the issue of homelessness in my district. **Disagree**
- Communities are sufficiently addressing the issue of homelessness in my district. **Strongly Disagree**
- People who work full-time have a right to affordable housing for themselves and their families. **Strongly Agree**
- People have a personal responsibility to work and be self-sufficient in order to obtain affordable housing. **Agree**
- There is a role for government to increase the availability of affordable housing in the United States. **Strongly Agree**
- Federal policy should move towards deregulation to increase local innovation with initiatives like Section 8 and Fair Market Rent. **Undecided**
- The inclusion of strict work requirements to receive certain benefits (housing vouchers, SNAP, Medicaid) will have a positive impact on homelessness. **Disagree**
- The United States has the tools to help the people experiencing homelessness out of poverty. **Disagree**
- The free market is the most effective tool to address homelessness. **Strongly Disagree**
- The government has a responsibility to reverse the impact of historical housing policies targeting Black communities. **Agree**
- Non-governmental service providers are adequate in dealing with homelessness. **Disagree**

**Q12**

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

- Additional funds for eviction diversion and rental assistance**
- Restrictions on late fees/penalties**

**Q13**

Please share any additional thoughts or concerns with regards to housing instability, homelessness and affordable housing availability in the state of Michigan, specifically any additional state level solutions you would be interested in championing in the state legislature.

There are many long term solutions that we need to pursue, most of which are related factors such as mental health, substance abuse, job training and minimum wage.

---

**Q14**

**Yes**

If elected, I will champion the issues of housing affordability and homelessness:

---
