Q4

In 2018, there were 65,104 individuals who experienced literal homelessness in Michigan, including families with young children, unaccompanied youth, veterans, and seniors. What can you tell us about the issue of homelessness in your district (causes, related issues, and solutions)?

My area has increased 18% and the ideas that have been proposed, like free state ID is strictly a minimal solution.

If we are not identifying the root causes on a granular level we are not going to fix the issue.

We need to solve a housing issue but if we do not solve the root cause that made the person homeless in the first place we have done nothing. If we want this to be a solution we need to find it important.

And what is coming potentially when they allow evictions again is going to be a catastrophe.

Q5

How important do you feel it is to find solutions to housing insecurity and homelessness for your district?

(no label)

Very Important

Q6

Each Michigan county develops its own plan to end homelessness and provides services that assist those at-risk of, or currently experiencing, homelessness. Check as many local resources used to assist those experiencing or at-risk of homelessness that you are familiar with

- Energy assistance and/or home weatherization programs**
- ,**
- Food Banks,**
- Homeless and/or domestic violence shelters,**
- Housing Vouchers,**
- Hotel/Motel Vouchers,**
- Legal Aid,**

- Inadequate health care and/or insurance,**
- Inadequate income,**
- Lack of access to reliable transportation,**
- Lack of employment,**
- Lack of support network**

Q8

MCAH supports solutions to prevent and end homelessness that will assist as many people as possible, but also recognize that certain demographics may require unique solutions to preventing and ending their homelessness. If elected, what are the top 3 subpopulations you would prioritize?

- Aging Population (55+),**
- LGBTQ youth,**
- Veterans,**
- I would focus on solutions for everyone,**
- Other (please specify):
- Just 3?

Q9

While Congress guides much of the funding and solutions for homelessness, Michigan's legislature has the opportunity to enact proven policy to make it easier for individuals and families to have access to safe and affordable housing. If elected, which of these potential state-level legislative solutions to preventing and ending homelessness would you support (select all that apply):

Champion anti-poverty solutions, including expanding EITC, SNAP, CHIP, TANF, Medicare/Medicaid, SSI/SSDI, etc

,

Create and expand eviction diversion programs,

Create avenues for formerly incarcerated individuals to access housing

,

Create new renters tax credit,

Create source of income protections and mobility opportunities

,

Declare housing as a human right / create a homeless bill of rights

,

End the criminalization of homelessness,

Expand job training programs,

Increase funding for Emergency Shelter Programs,

Increase funding for homeless service providers,

Increase minimum wage,

Provide protections against discriminatory practices for those experiencing homelessness

,

Reform eviction practices, including record sealing, credit reporting, establishing right to counsel, and/or creating an eviction database

,

Remove statewide prohibition against rent control,

Reinstate individual tax deductions for shelters and food banks

,

Other (please specify):

This list is a good start!

Q10

We are in the middle of an Affordable Housing crisis. The U.S. Department of Housing and Urban Development (HUD) defines Affordable Housing as a unit that a household can obtain for 30% or less of its gross income. The National Low Income Housing Coalition (NLIHC) annually reports the number of households that are 'cost burdened,' or paying more than 30% of their income on housing (2020 Out Of Reach). In 2020, NLIHC found there were only 9 counties in Michigan where a full-time worker earning minimum wage can afford to rent a 2 bedroom unit at Fair Market Rent without being cost burdened. Select the top 5 solutions you believe will increase access to affordable housing, including developing new units, expanding access to new rental units, and/or increasing access to home ownership:

Allocate permanent, dedicated funding for Michigan's Housing and Community Development Fund

,

Change the way fair market rent and / or area median income is determined

,

Support efforts to create more workforce housing,

Create and fund a risk mitigation fund for landlords who rent to low-income or voucher holders

,

Reform the Low Income Housing Tax Credit (LIHTC) to better serve households with greatest need

Q12

COVID-19 will have a long-term impact on low-income households. The state allocated \$60 million from the CARES Act to support rental assistance and eviction diversion programming. MSHDA estimates this will only provide assistance for 20,000-25,000 households through December 2020. What additional actions would you support the state take to make sure low-income households are able to stay in their homes?

- Additional funds for eviction diversion and rental assistance**
- Additional funding to support small landlords,**
- Eviction moratorium extensions or renewal,**
- Rent cancellation,**
- Restrictions on late fees/penalties,**
- Sealing of eviction records related to COVID-19**
