

# What should I do after being vaccinated?

Rest and recover from getting the vaccine

Most of the side effects people experience are minor, like:

- Arm pain
- Tiredness
- Fever
- Headache

Let staff know if you need help treating them

Continue to:

- Social distance
- Wear a mask
- Wash your hands

# Where can I learn more?

Go to:

- State of Michigan COVID-19 page at [michigan.gov/coronavirus](https://michigan.gov/coronavirus)
- CDC's COVID-19 vaccine page at [bit.ly/cdc\\_cvac](https://bit.ly/cdc_cvac)

We know you are tired of this pandemic

But, you deserve to be safe

Vaccination is the best way for us all to be safe

# COVID-19 Vaccines Make Us Stronger

# Why should I get the COVID-19 vaccine?

You deserve to be safe

You can keep others safe

Living in a shared space like a shelter can put you at a higher risk of getting or spreading COVID-19

You can get COVID-19 more than once

You matter

Your life matters

Your health matters

# Which vaccine should I take?

Take any vaccine available!

Some vaccines have two shots, like Moderna and Pfizer

The Johnson & Johnson (J&J) vaccine has one shot

All vaccines are safe and effective in fighting COVID-19

# Is the vaccine safe?

YES!  
Here's why:

- All COVID-19 vaccines were tested using proven procedures

Want to know more? Visit [bit.ly/cdc\\_cvac\\_safety](https://bit.ly/cdc_cvac_safety)

- You cannot get COVID-19 from any vaccine

- Vaccines have already helped millions of people stay safe

# How can I get the vaccine?

All Michiganders eligible for the vaccine can get it for FREE

↳ Let shelter staff know if you want one

Vaccinating is a slow process, so be patient while waiting for a vaccine

Get your second dose if needed - the second dose should not be skipped if you want to protect yourself and others
